Dr. Joshua Lederberg,
Department of Genetics,
School of Medicine,
Stanford University,
Palo Alto, Calif.

Dear Dr. Lederberg,

Just a note to acknowledge with thanks the reprint entitled GENETICS OF SALMONELLA which you were kind enough to send me. It arrived at the very moment that I am trying to revise my book (Genetics Is Easy) to incorporate some of the newer concepts. I am sure I will find your review article most informative.

With thanks again, and every good wish for continued success, I am,

Sincerely yours,

Philip Goldstein
